Got a Place on the UTMB Start Line?

We're organising a pre-race package at our base in Les Contamines (the check point where the race was dramatically stopped last year) We'll sort accommodation, organise airport transfers and you can join us on a couple of our guided runs on the race route...including the good old Col du Bonne Homme, with an optional overnight stay in a high mountain refuge

We'll also get you to the start line in Chamonix in plenty of time!
